

Southern Tier Child Advocacy Center Presents

INTERNET SAFETY

PARENTS • GUARDIANS • COMMUNITIES

Do your children use computers, tablets, mobile devices, video game consoles, etc.? If so, they are most likely accessing the internet on these devices. Join us for a presentation designed for parents and guardians about a fast-growing concern with our children in the modern age, internet safety! The NetSmartz Internet Safety presentation contains an abundance of information on how to speak with children of all ages from toddlers to adolescents about being safe while online, what to do when children run into problems online, and how you as a parent or guardian can help keep them safe!

When: April 8th, 2024 @5:30pm
April 18th, 2024 @5:30pm

Where: Virtually via Zoom
