Chapter 436 of the Laws of 1997 amends various sections of law concerning authorization of expenditures and indebtedness in central, union free, common and small city school districts. The provisions of the statute are further defined in Section 170.8 of the Regulations of the Commissioner of Education. This law requires districts to divide the budget into three components: administrative, program and capital.

School Report Card

Each year schools must report their performance on state assessments from the previous year.

Our complete School Report Card with the most up to date data is accessible through the New York State Education Department website at <https://data.nysed.gov/essa.php?year=2020&instid=800000055126>. If you need a printed copy of this report, please contact the district at 585-928-2561.

PLAIN LANGUAGE BUDGETS

Chapter 474 of the Laws of 1996 also require that the budget documents prepared by central school districts for distribution to the public in connection with the annual district meetings, budget hearings, and budget elections shall be written in plain language. The documents shall be complete, accurate and contain sufficient detail to adequately inform the public regarding estimated revenues, proposed expenditures and the amount of fund balance.

SUPERINTENDENT'S SALARY DISCLOSURE

The same statute referenced above requires the release of a disclosure statement of proposed annual compensation for the school superintendent and any district employee earning more than \$143,000 annually. This must include ALL salaries, benefits and in-kind compensation.

Annual Salary	\$146,595
Benefits	\$ 35,770

Instructional Expenditures for General Education are K-12 expenditures for classroom instruction (excluding Special Education) plus a proration of building level administrative and instructional support expenditures. These expenditures include amounts for instruction of students with disabilities in a general-education setting. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for General Education is K-12 average daily membership plus K-12 pupils for whom the district pays tuition to another school district. This number represents all pupils, including those classified as having disabilities and those not classified, excluding only students with disabilities placed out of district. Pupils resident in the district but attending a charter school are included. For districts in which a county jail is located, this number includes incarcerated youth to whom the district must provide an education program.

Instructional Expenditures for Special Education are K-12 expenditures for students with disabilities (including summer special education expenditures) plus a proration of building-level administrative and instructional support expenditures. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for Special Education is a count of K-12 students with disabilities for the school year plus students for whom the district receives tuition from another district plus students for whom the district pays tuition to another district. Students attending the State schools at Rome and Batavia, private placements and out-of-state placements are included.

Instructional Expenditures Per Pupil is the simple arithmetic ratio of Instructional Expenditures to Pupils. The total cost of instruction for students with disabilities may include both general- and special-education expenditures. Special-education services provided in the general-education classroom may benefit students not classified as having disabilities.

Total Expenditures Per Pupil is the simple arithmetic ratio of Total Expenditures to Pupils. Total Expenditures include district expenditures for classroom instruction, as well as expenditures for transportation, debt service, community service and district-wide administration that are not included in the Instructional Expenditure values for General Education and Special Education. As such, the sum of General Education and Special Education Instructional Expenditures does not equal the Total Expenditures.

INFORMATION ABOUT STUDENTS WITH DISABILITIES (2018 - 19)

Commissioner's Regulations require reporting students with disabilities by the percent of time they are in general education classrooms and the classification rate of students with disabilities. These data are to be compared with percentages for similar districts and all public schools. The required percentages for this district are reported below.

The source data for the statistics in this table were reported through the Student Information Repository System (SIRS) and verified in Verification Report 5. The counts are numbers of students reported in the least restrictive environment categories for school-age programs (ages 6-21) on BEDS Day, which is the first Wednesday of the reporting year. The percentages represent the amount of time students with disabilities are in general-education classrooms, regardless of the amount and cost of special-education services they receive. Rounding of percentage values may cause them to sum to a number slightly different from 100%.

This rate is a ratio of the count of school-age students with disabilities (ages 4-21) to the total enrollment of all school-age students in the school district, including students who are parentally placed in nonpublic schools located in the school district. The numerator includes all school-age students for whom a district has Committee on Special Education (CSE) responsibility to ensure the provision of special-education services. The denominator includes all school-age students who reside in the district. In the case of parentally placed students in nonpublic schools, it includes the number of students who attend the nonpublic schools located in the school district. Source data are drawn from the SIRS and from the Basic Education Data System (BEDS).

Similar District Groups are identified according to the Need-to-Resource-Capacity Index. More information is available on our NRC capacity categories page.
