Message from the Superintendent

Dear Students, Parents, Faculty, Staff, and Members of the Bolivar-Richburg Community:

I hope that you had a wonderful summer and are looking forward to an outstanding school year. We have been hard at work over the summer preparing for the new school year. I am excited to welcome new faculty, staff, administration, and students to the Bolivar-Richburg school community. Here at Bolivar-Richburg Central School our mission is “In partnership and collaboration with families and the community, we will encourage a supportive environment where all children will accept challenges and grow intellectually, creatively, socially, emotionally, and physically.” All of this ensures that every student succeeds academically, co-curricularly, and social-emotionally. That is our highest priority.

Return to Full In-Person Instruction

With the start of the 2021-2022 school year, we are returning to full in-person instruction for all students Pre-K through 12th grade. As of this writing, we have not received the official guidance from New York State with regards to the re-opening of school in September. But what we have been advised is that we will be keeping certain protective measurements in place, such as wearing masks inside our school buildings and on the buses, morning temperature checks, frequent hand washing, social distancing of at least three feet, and extra cleaning throughout the school day. With the return to school of all students, the district will not be offering a “virtual learning” option this school year. Only students needing to be quarantined because of a positive COVID test or close contact will be provided virtual instruction.

Our faculty and staff are all excited to welcome back our students and families. We will work hard, within safety guidelines, to make this school year feel as normal as possible and to allow students to have the freedom to participate in interscholastic sports and other extracurricular activities and clubs.

Capital Project 2021

The Administration and Board of Education have been meeting with our school architects/engineers to narrow down the scope of our future Capital Project, which you will be asked to vote on in December. Currently the project touches upon several instructional areas and includes: new STEAM (Science, Technology, Engineering, Art, & Math) and technology rooms and additions, renovations of the music and art suites, lighting and sound updates to both of our stages, classroom renovations to address additional storage and much need special education support services spaces, sports locker rooms district-wide, parking lot re-paving district-wide, roof repair, boiler replacement, repairs and maintenance to the transportation garage, and additional safety & security improvements district-wide. Please take a moment to read about our project in this newsletter and on our website. We will have a public forum about the capital project on September 22, at 6:30 p.m. in the Jr./Sr. High auditorium.

Welcome our new Elementary Principal

Over the summer I had the pleasure of working with a team of shareholders, including board members, administrators, teachers, support staff, and parents, to interview and select the next building leader for our Elementary School. I am happy to welcome Mrs. Megan Duke to the Wolverine family as our new elementary principal. Mrs. Duke resides in Alfred with her husband, Cameron, and their two sons. She received her administrative degree from SUNY Brockport, and is coming to us from Andover CSD where she held the position of CSE chairperson. Please help us welcome her to Bolivar-Richburg CSD.

Final Thought

I would like to invite everybody to stop by the Annual Bolivar-Richburg Central School Board of Education “Welcome Back to School” Community Picnic that will be held on Tuesday, September 1, from 5:30 to 7:00 p.m. at the Elementary School Pavilion.

In closing, I hope everyone enjoys the remaining days of summer and I am looking forward to seeing all of you very shortly. Together we can continue to provide the best education possible for our children. It is an honor to serve this community, faculty, and staff, and most importantly, the children who you entrust to us every day.

Respectfully,

Michael A. Retzlaff

Bolivar-Richburg CSD- Capital Improvement Project 2021

Background

The Bolivar-Richburg CSD is in the process of planning and preparing for our next Capital Improvement Project, which we are hoping to send to public vote this fall. It has been nearly five years since the District completed our last capital project (2016). The purpose of a Capital Improvement Project is to allow Districts to maintain their current capital investments (buildings) and infrastructure (mechanicals, roofs, electrical, plumbing, etc.). It also allows the District to review program spaces and needs to allow for expanded student program offerings and new programs that meet the changing world of education and career readiness.

Financial Benefits

The major financial benefit for a school district to complete a Capital Improvement Project is the significant amount of NYS building aid that is provided. Capital projects completed at Bolivar-Richburg CSD are currently aided at 95% on all items that qualify for building aid. This means that \$0.95 for every dollar spent will be paid by NYS; our local cost would only be \$0.05 per dollar. Because of this NYS building aid, it is a smart investment for Districts to complete a Capital Improvement Project every 3-5 years. Bolivar-Richburg CSD also has budgeted conservatively and planned for future Capital Improvement Projects by budgeting funds into a Capital Reserve (saving account) to be used to offset the local cost (\$0.05) and to be able to complete any future Capital Improvement Project at a 0% tax levy increase to the taxpayers of the district.

Developing the Project

The Bolivar-Richburg CSD Board of Education and Administration have been working with architects and engineers from Clark Patterson Lee (CPL) to identify and design the full scope of the proposed project. We have spent the last 18 months meeting with shareholder groups, including teachers, support staff, and parents, to identify their needs and wants. We have also completed several open walk-throughs of our facilities to assist us in our final scope. The current project includes infrastructure improvements including roofs, boiler replacements, safety and security upgrades, classroom improvements, etc. We will also be increasing much-needed program space by reconfiguring current classroom spaces to provide room for special education and support services.

Key Project Highlights

Fine Arts

We are looking to improve upon our music and art offerings by addressing the outdated back-stage lighting and sound (both buildings) and upgrading our music and art suites at the Jr./Sr. High.

STEAM

We also are looking to expand our STEAM (Science, Technology, Engineering, Art, and Math) programs from Pre-K – grade 12.

- ✓ The Elementary building will be renovating existing space to add a STEAM makerspace, an outdoor classroom, and a new technology classroom.
- ✓ The Jr./Sr. High building will be updating our existing technology (woodshop), along with renovating existing space to allow us to offer new courses such as welding, small engine repair, and metal working.
- ✓ We are proposing the addition of a new STEAM Innovation Center that will be utilized by the faculty and students to conduct STEAM-related projects such as coding and robotics. This addition would also support the highly successful WEE (Wolverine Environmental Education) agricultural center, and include an attached greenhouse for year-round learning.

Athletics

Finally, we will be addressing our athletic fields at both Richburg and Bolivar campus, which will include the replacement of our current football AstroTurf with new AstroTurf.

It is our hope and intention that this project will have a positive impact upon our program offerings, our current students and faculty, and the future success of all Bolivar-Richburg CSD graduates moving forward.

Project costs and tax impacts

Total proposed cost: \$15,375,600

Current capital reserve amount budgeted by district: \$2,700,000

Current tax impact: ZERO!

- Roofing Upgrades
- Music Program Upgrades

Pre-K News

Welcome to Pre-K. We are excited about the opportunity to serve your child in our pre-kindergarten education program! Entering Pre-K is a big step in your child's life. It's an adventure for your child as well as for the entire family. We want this Pre-K experience to be enjoyable and successful in every way!

Educating your child must be a collaborative effort between you and your child's teachers. No one group will be as effective without the help of the other. If we work together, your child will be prepared for success in kindergarten and beyond.

You can help develop the skills and characteristics your child will need by working with him or her at home. Following are just a few sample activities you can share with your child:

- Do simple household tasks with your child (set the table, fold towels, put toys away, match socks, etc.)
- Read with your child every day. Encourage him/her to read along with you and retell the stories.
- Talk about connections between your child's personal experiences and events and objects in books you read.
- Take your child to the local library regularly.
- Encourage your child to retell experiences and describe ideas and events that are important to him/her.
- Encourage your child to scribble, draw, and print. Organize a space in your home where your child is able to use markers, scissors, crayons, and playdoh.
- Play with your child. Talk about what they are doing. Count and use numbers as you play together.
- Encourage your child to play outdoors as often as possible. Less TV and more physical activity will benefit your child's health and growth.

As the new school year begins, we wish our kindergarten friends an exciting and successful year!

The Bolivar-Richburg Pre-K Staff

Here Comes Kindergarten!

School is almost here, and we are looking forward to an exciting school year! We have a lot of fun things planned this year. We are going to start the year off learning about nursery rhymes and the five senses! We will also be having our first field trip this fall—be on the lookout for more information when that gets closer. We hope you all had an exciting and fun summer! We can't wait to hear all about it! If you had trouble getting any of the school supplies, please let us know. Enjoy the last couple of weeks of summer break!

See you all in September!
Your Kindergarten Team, Mrs. Bell, Miss Hackett, Miss Payne and Miss Swetland

Meet Your Teacher Night at B-R Elementary School

Attendance Procedures K-5

1. The grades PreK-5 attendance will be recorded by each teacher using PowerSchool.
2. **Absence:** All students who were absent or tardy from school MUST submit a written excuse upon their return. These excuses are to be sent to the main office. Include the child's name and date of absence, the reason for absence or tardiness and parent signature.
3. **Lateness:** When tardy to school, a student must get an Admission Slip upon arrival from the main office secretary. This slip must be given to his/her teacher. Announcements will begin at 8:00 a.m. Students should be in their home room prior to announcements to be considered on time.
4. Parents are asked to call by 8:10 a.m. if their children will not be attending school.

Excused and Unexcused Absences:

Absences from school which are considered excused include:

PreK-5 Physical Education News

Mrs. Auman's PE Update: I hope that everyone had a wonderful summer and stayed active. We will soon be heading back to school and I cannot wait to see all of you. As it was last year, Physical Education classes will be both inside and outside. Please make sure to dress appropriately for the weather. It is important for students to wear rubber-soled sneakers that cover the toes and heels for physical education class so they can participate safely in the activities. Please practice tying your sneakers this summer. If girls wear dresses, they should wear shorts or tights underneath.

This year will begin with grades K-2 working on foundational skills, such as locomotor skills, kicking, throwing and catching. While grades 3-5 will also continue to work on the foundational skills, they will dive further into sport-specific skills and activities. My hope is that any unit that was missed out on last year will be done this year (climbing wall, roller skating, stunts and tumbling, volleyball, etc.). Either way, we will have fun no matter the circumstances. Because in PE, "if you had fun, then you won!"

Important Messages to Parents

- When dropping off or picking up your child(ren) at the elementary building, please use **Richardson Avenue** for this purpose. Please do not drop off or pick up students on Griffin Street or Park Row Street as this causes a safety issue with the buses.
- We encourage parents to walk their children to their classrooms for the first week of school, Sept. 7-10. Beginning Sept. 13, please allow your child to walk to their classroom on their own. There will be monitors in the hallways to help, if needed.
- **Any change from your child's normal dismissal procedure requires a written note.** In the case of an emergency, if your child needs to ride a different bus or get off at a different stop, a written request must be submitted to the school office.
- The request should contain the date, your child's first and last name, the name and address of where he/she will be going, the number of the bus he/she normally rides and must be signed by a parent or legal guardian.
- If you need to pick up your child instead of him/her riding the bus home, a written note or a telephone call prior to noon is required.
- If you have a long-term need for a change in your child's scheduled transportation, please contact the bus garage at 5 85-928-2564.

We appreciate your cooperation with these requests.

Permission for Student Pictures

During the school year, your child participates in many activities in the elementary school, such as concerts, plays, assemblies, field day, and many others. From time to time, we take pictures of these events and have them published in our newsletter, on social media, or in the local newspapers. The children enjoy seeing their pictures in the newsletter or newspaper. If for some reason you would prefer not to have your child's picture in them, please send a note to that effect to Mrs. Sortore, secretary in the elementary office. Thank you for your cooperation in this matter.

2ND GRADE

Second Grade

Wow, it is hard to believe it is August already! We hope you have been having a wonderful and fun-filled summer vacation so far. The second-grade team cannot wait to meet you and welcome you to your new classroom. We are looking forward to a great school year and watching you learn and grow. Enjoy the month of August! We look forward to seeing you on September 7 for the first day of 2nd grade (the best grade ever)!

The Second Grade Team

Mrs. Livingston, Miss Gerard, Mrs. O'Neil

Summer School at the Elementary Building

Summer school took place every Tuesday, Wednesday and Thursday this summer. In addition to their academic learning, students went bowling, swimming, and roller skating. They were also visited by Bwana Jim!

Summer Olympics Cultural Fair @ Elementary Summer School Program

Each grade was given one of the 5 colors of the Olympic symbol to research and complete projects for the Cultural Fair.

Kindergarten

Red: the Americas

The red team was Kindergarten led by Miss Hackett and Mrs. Stutzman. We focused on the United States with our kindergarten students. We took time to learn about our national anthem and the American Flag. We learned that peanut butter and fluff or "Liberty Sandwiches" originated in Massachusetts in the early 20th century. The students enjoyed getting sticky making their very own fluffernutters!

First Grade

Blue: Europe

Our class was interested in some of the landmarks of Europe; the students created Big Ben, London Bridge, the Leaning Tower of Pisa, the Louvre, and the 25 de Abril Bridge in Portugal. The students wrote a few sentences about their building. Students collaboratively created a salt dough map of Europe. We made soft pretzels because pretzels originated in Germany. We had a lot of fun working on our projects and learning about Europe.

Second Grade

Yellow: Asia

With this in mind we spent time learning a bit about Asia this summer. Groups worked together to decide on a country from Asia to learn about. We had groups sharing what they learned about China, Japan, India, and Malaysia during the Cultural Fair.

Third Grade

Black: Africa

We spent our time learning all about African culture, food, and landmarks. The students wrote about what things they thought made Africa a remarkable place. Students also worked hard to create an African game Mancala and made an African bread.

Fourth & Fifth Grades

Green: the region of Oceania, which includes Australia and its surrounding islands. Students spent an hour each day researching a topic of their choice and creating a culminating project for the Cultural Fair. They also made Fairy Bread, the traditional birthday treat for children in Australia.

Middle/High School Attendance Office Welcomes You Back

Welcome back everyone! Another year has gone by and the beginning of the school year 2021-22 is approaching rapidly. I hope everyone had a good summer.

There have been a few changes in the attendance policy, so please read the Comprehensive Attendance Policy located in the Code of Conduct in this newsletter. If your address, phone numbers, parental work numbers, etc., have changed within the last year, please call the Attendance Office, located in the Main Office, 928-2901.

When students and parents enter to sign-in or out of the building for appointments, they must report to the Main Office located on the first floor. Please, have your child bring in an excuse to the Main Office before the start of the school day so we won't interrupt classes asking for their removal later in the day. If a student needs to drive to an appointment, please add that information to the excuse or he/she will not be excused. ALL students should bring back a doctor's excuse when attending an appointment, whether they are in a sport or not. Parents or guardians are the **ONLY** adults allowed to excuse a student unless otherwise noted on the excuse signed by the parent or guardian. A student who is 18 or older IS NOT allowed to sign out of school without written parental permission for their appointment. If a student is absent due to illness, etc., a parent should send a written excuse the next day upon return to school. When a student plans to be absent due to a vacation, he/she **MUST** pick up a **Vacation Form** from the Main Office (vacations are NOT a legal excuse).

Everyone here at Bolivar-Richburg wants to encourage good attendance and good rapport with our parents and students regarding attendance. If you have any questions or concerns, please feel free to call me at 928-2561, extension 2901.

Thank you for your time and cooperation.

Ms. Ratzel
District Attendance Officer

SKIPPING SCHOOL

National Honor Society

Guidelines for selection of National Honor Society members

Membership in the National Honor Society is one of the highest honors awarded to a high school student. As part of the by-laws of the National Honor Society Constitution, each school district is required to publish its selection procedures annually. Bolivar-Richburg's selection procedures are as follows:

NATIONAL HONOR SOCIETY MEMBERSHIP PROCEDURES

Following the second marking period of each school year, the high school guidance department provides the National Honor Society advisor a list of all students in grades 11 and 12 who have earned a **cumulative** high school average of **91% or higher**. Then, all teachers at the high school receive this list of Juniors and Seniors [Grades 11 and 12] who have met the scholastic eligibility

requirement and are given a chance to evaluate the character, service, and leadership qualities of each student with whom they have had professional contact. Teachers provide a numeric score, ranging from 1-4, in each of the three categories (character, service, and leadership) to assess each student's personal qualities. A written explanation is required for any score of 1 or 2. The results are averaged and given to the Faculty Council to consider when voting on new membership. The Faculty Council is a committee consisting of five high school teachers and is appointed annually. The principal and NHS advisor are NON-VOTING MEMBERS of the Faculty Council.

In addition, during this process, each scholastically eligible student receives and completes a student activity information sheet. On it, students list their activities and extracurricular information—both in school and in the community—for the Faculty Council to review. In addition, the Faculty Council requires each candidate to submit a written response to a writing prompt. These materials must be turned in to the NHS advisor (Mr. Baldwin) before the deadline in

order to be considered for the NHS. Late forms are not accepted. The Faculty Council reviews each student's activity form, written statements, as well as faculty rating sheets. The council evaluates each student on the criteria of leadership, service, and character. Candidates receiving a majority vote of the Faculty Council are inducted into our chapter of the National Honor Society.

When students receive their Student Activity Information Sheet, it is imperative that students do NOT leave any section blank. In order to be inducted into the National Honor Society, students must meet all criteria necessary for selection: scholarship, leadership, service and character. It is impossible to tell if a student meets the criteria if a section of the Student Activity Information Sheet is left blank.

All eligible candidates in the current Junior and Senior classes will receive information from Mr. Baldwin after the 2nd marking period is completed. Questions about the National Honor Society can be directed to Mr. Baldwin, the NHS advisor, at ebaldwin@bolivarrichburg.org.

BRCS National Honor Society Inducts Eight New Members

On Wednesday, June 23, the Bolivar-Richburg Central School (BRCS) Chapter of the National Honor Society (NHS) inducted eight new members in a ceremony in the High School Auditorium.

Raina Bowen, Kaitlyn Graves, Kayli Giardini, Ryan Greeson, Jessica Majot, Matthew Mitchell, Elizabeth Shingler, and Ashlin Zilker were this year's inductees. Students were selected by the Faculty Council—a group of five high school teachers appointed annually—as students who exemplify Scholarship, Leadership, Character, and Service. To be eligible for the National Honor Society, a student must be a Junior or Senior who has earned a cumulative high school average of at least 91% or higher throughout high school. Students who meet the scholastic requirement must also demonstrate the pillars of leadership, excellent character, and service to the school and community.

Each year, the senior members of the National Honor Society select a member of the BRCS school community who also exemplifies these traits and dedicates to that individual the floral centerpiece used during the induction ceremony. This year, the seniors in the NHS chose Christy Crandall-Bean, 10-12 Grade School Counselor, as the recipient of the dedication.

Students who violate the student dress code may be required to modify their appearance by covering or removing the offending item, if necessary or practical, and replacing it with an acceptable item. Any student who refuses to do so may be subject to discipline, up to and including a suspension for the day. Any student who repeatedly fails to comply with the dress code may be subject to further discipline, up to and including out-of-school suspension.

Prohibited Student Conduct

The District expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, district personnel and other members of the school community, and for the care of school facilities and equipment.

Discipline should be self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. District personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Students who do not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

Students may be subject to disciplinary action when they:

A. Engage in conduct that is disorderly.

Examples of disorderly conduct include, but are not limited to:

Students are required to conduct themselves on the bus in a manner consistent with established standards for classroom behavior. Excessive noise, pushing, shoving and fighting, harassment, and discrimination will not be tolerated. All forms of bullying are unacceptable and, to the extent that these actions are disruptive of the District's educational process, offenders will be subject to appropriate employee intervention, which may result in discipline. Complaints of bullying or cyberbullying will be investigated promptly, and corrective action will be taken when a complaint is verified. The District prohibits any retaliatory behavior directed against complainants, victims, witnesses, or any other individuals who participated in the investigation of the cyberbullying complaint.

Electronic Devices

Students who bring electronic devices into the school building are to have them turned off upon entry into the building and put away until they exit the building. Should the use of personal electronic devices become necessary for instructional purposes,

prior approval of the classroom teacher is required. Approval from classroom teachers is required on a daily basis. Administrative action will be taken against students who violate this rule. Consequences for this type of violation will result in detention and/or the school administrator/employee confiscating the electronic device. Repeated violations will result in escalating consequences which could include in-school suspension and temporary confiscation of the electronic device. Devices which are frequently confiscated or cause a major disturbance, can be held by the school for an extended period of time.

While students may be permitted to possess such devices during the school day, they are prohibited from using them in any manner which invades the privacy of students, employees, volunteers or visitors. Students are not permitted to use any form of information technology including their own personal electronic devices, to intimidate, harass or threaten others. This type of harassment is generally referred to as cyberbullying. If a student violates this prohibition, then he/she is subject to discipline under this provision and/or any other provision in the District Code of Conduct that may be applicable to the circumstances involved.

Electronic devices of any type may never be connected to district technology equipment such as a computer or projector without prior authorization from the technology coordinator. This includes items such as external hard drives, flash drives, or any device that can potentially transfer files into the network or single computer.

Parent and student communication should be kept to a minimum during the school day. In the event of an emergency, parents can contact the school to communicate with their child or a child can use the phone in the main office to contact a parent. Final decisions on communication are subject to the discretion of the school.

Reporting Violations

All students are expected to promptly report violations of the code of conduct to a teacher, guidance counselor, the building principal or designee. Any student observing a student possessing a weapon, alcohol or illegal substance on school property or at a school function shall report this information immediately to a teacher, the building principal, the principal's designee or the superintendent.

Any weapon, alcohol, or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral for prosecution.

Disciplinary Penalties, Procedures & Referrals

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student's prior disciplinary record.
4. The effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others, as appropriate.
6. Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or presumed to have a disability.

Penalties

Students who are found to have violated the district's code of conduct may be subject to the following penalties, either alone or in combination. Penalties will be imposed by authorized school personnel as designed by School Education Law and consistent with the student's right to due process. Examples of penalties are:

1. Oral warning
2. Written warning
3. Written notification to parent
4. Detention
5. Suspension from transportation
6. Suspension from field trips, social extracurricular activities or other privileges
7. In-School Suspension
8. Removal from classroom by teacher
9. Short-term (five days or less) suspension from school
10. Long-term (more than five days) suspension from school
11. Permanent suspension from school
12. Referral to outside agencies including, but not limited to, law enforcement, probation, and the courts.
13. Suspended students will be given an opportunity to return to school on the days of their suspension after regular school day to make up missed work.

Periods of Suspension

Students who bring weapons to school

Any student found guilty of bringing a weapon onto school property will be subject to suspension from school for at least one calendar year.

Students who commit violent acts other than bringing a weapon to school.

Any student who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to penalties up to and including suspension from school.

Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interfere with the teacher's authority over the classroom.

Any student who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom will be suspended from school for a

minimum of two (2) days. For purposes of this code of conduct, "repeatedly is substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by teacher(s) pursuant to Education Law §3214(3-a) and this code on four or more occasions during a semester. If the proposed penalty is the minimum two-day suspension, the student and the student's parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum two-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The suspending authority has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the suspending authority may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

Referrals

Students may be referred to a counselor, Family Court (PINS) or County Attorney for a juvenile delinquent proceeding as required by law.

Alternative Instruction

When a student of any age is removed from class by a teacher or a student of compulsory attendance age is suspended from school pursuant to Education Law §3214, the district will take immediate steps to provide alternative means of instruction for the student.

Student Lockers, Desks and other School Storage Places

Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

Student Guidelines

Cafeteria

The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced breakfast and lunch is offered at a reasonable price.

The lunchroom management and your fellow students will appreciate your cooperation in:

1. Depositing all lunch litter in wastebaskets.
2. Returning all trays and utensils to the dishwashing area.
3. Leaving the table and floor around your place in a clean condition for others.
4. No food or drink may be taken from the cafeteria.
5. Once a student is seated, they should not make excessive numbers of trips from their table.

Students who do not display proper behavior in the cafeteria will be subject to removal.

Library

Students are welcome to visit the Library Media Center to utilize its resources at any time that the library is open.

In order to sign in to the Library Media Center during study hall or advisement, a student must be passing all of his or her classes. Student eligibility is updated in the LMC system every five weeks; students who regain privileges during the semester are required to provide documentation to the Librarian. To accommodate equitable access to LMC resources, exceptions to this policy may be made at the librarian's discretion.

During study hall periods, students will report to their scheduled classrooms and wait for dismissal to the library. Students are responsible for checking in at the circulation desk upon arrival.

Advisement passes may be checked out at any time during the school day for which the pass is to be used. Students must report to their advisement teachers with LMC passes before returning to the library.

Students who are returning/checking out materials are not required to hold library cards.

Dance Procedures

Bolivar-Richburg is very proud of the student body's positive attitude and appropriate conduct at school dances. Dances are considered an extracurricular activity sponsored by the school, and as such, all regulations pertaining to student conduct are in effect.

- Middle school dances (grades 6-8) are scheduled from 7:00-9:00 p.m.
- Grades 9-12 dance times are from 8:00-11:00 p.m. (Special dance times may vary and will be announced in school.)
- Generally, all dances will be held on Friday or Saturday evenings.

Students who leave dances early will not be allowed readmittance and must sign out when they leave.

In addition, the following rules apply:

1. Students must attend school the day of a dance (if a school day).
2. If a student leaves a dance, the student must also

leave school grounds.

3. No one will be admitted during the final hour of either dance.
4. Admission is limited to students of Bolivar-Richburg Central School unless they are registered guests. A guest may register as follows:
 - a) Sign up as the host (B-R student) and sign up your guest (one host/one guest).
 - b) Sign up no later than one day prior to the date of the dance. The guest sign-up sheet will be in the main office.
 - c) The host student must accompany his/her guest to the dance in order for the guest to be admitted.
 - d) Any student bringing a guest is responsible for the conduct of the guest.
 - e) The guest must be under the age of twenty-one (21) for all regular dances.

Guidance

Guidance services are available for all students; grades K-5 **Mrs. Schryver**, grades 6-8, **Ms. Swartwout**, and grades 9-12, **Mrs. Crandall-Bean**.

These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study helps, help with home, school and/or social concerns, or any question the student may feel he would like to discuss with the counselor.

Students wishing to visit a counselor should contact the secretary in the guidance office to arrange for an appointment.

Health Services

If a student becomes ill in school, the student should report his/her illness to the teacher, who will notify the nurse. The teacher will allow the student to report to the nurse when the nurse is available. The nurse will decide what should be done. Students must not leave the building because of illness without authorization. If the nurse is not in, students are to report to the main office.

Honor Roll

The following requirements are in effect for the junior and senior high school honor rolls:

- **"High Honor"** roll - students achieving an average of 90% or better in their academic subjects.

- **"Honor"** roll - students achieving an average of 85%-90% in their academic subjects.

Students attaining these honor rolls will have their names posted in several display boards in the building as well as printed in the local newspaper. Two Academic Recognition Assemblies, grades 6-8 and grades 9-12, will be held in May of each school year. The most outstanding and most improved student in each subject area will receive a framed certificate. Any student who maintains a 95 or above average for the year will receive a "Superintendent's Scholar Certificate", and any student who maintains an average of 90-94 for the year will receive the "Principal's Scholar Certificate". Parents as well as students will be invited to attend these Academic Recognition Assemblies.

Textbooks

Each pupil will be responsible for his/her textbooks. All textbooks must be covered with a book cover at the beginning of the school year. Students will be required to pay for any lost or damaged textbooks.

Vehicles

Students who drive a motor vehicle to school must obey the following rules:

- Each student must register the vehicle each year and display the registration tag. The tag must be displayed in the rear window (not the side window). Registration forms may be obtained in the main office. School Street parking is for Seniors and Juniors only. All other student parking is in the stadium lot.
- Each student must park in assigned parking areas.
- Parking in a no-parking area is a direct violation.
- Violations, such as, speeding or careless driving on the school grounds and on streets bordering the school are not permitted and may result in the parking privilege being revoked, detention, out-of-school suspension being assigned, and towing of the vehicle at student expense.
- Notification of violations to the appropriate law enforcement agency will occur.

B-RCS Section 504 Parent/Student Rights in Identification, Evaluation, and Placement

Please Keep This Explanation for Future Reference (Section 504 of the Rehabilitation Act of 1973)

The following is a description of the rights granted by federal law to students with handicaps.* The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions.

You have the right to:

1. Have your child take part in, and receive benefits from public education programs without discrimination because of his/her handicapping condition;
2. Have the school district advise you of your rights under federal law;
3. Receive notice with respect to identification, evaluation, or placement of your child;
4. Have your child receive a free appropriate public education. This includes the right to be educated with non-handicapped students to the maximum extent appropriate. It also includes the right to have the school district make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities;
5. Have your child educated in facilities and receive services comparable to those provided non-handicapped students;

6. Have your child receive special education and related services if he/she is found to be eligible under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act;
7. Have evaluation, educational, and placement decisions made based upon a variety of information sources, and by persons who know the student, the evaluation data, and placement options;
8. Have transportation provided to and from an alternative placement setting at no greater cost to you than would be incurred if the student were placed in a program operated by the district;
9. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district;
10. Examine all relevant records relating to decisions regarding your child's identification, evaluation, educational program, and placement;
11. Obtain copies of educational records at a reasonable cost unless the fee would effectively deny you access to the records;
12. A response from the school district to reasonable requests for explanations and interpretations of your child's records;
13. Request amendment of your child's

educational records if there is a reasonable cause to believe that they are inaccurate, misleading, or otherwise in violation of the privacy rights of your child. If the school district refuses this request for amendment, it shall notify you within a reasonable time, and advise you of the right to a hearing;

14. Request mediation or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program, or placement. You and the student may take part in the hearing and have an attorney represent you;
15. Ask for payment of reasonable attorney fees if you are successful on your claim;
16. File a local grievance.

District Notifications

Things to know about Bolivar-Richburg Central School Health Policies

IMMUNIZATION: State law requires all students entering public or private school be immunized against the following: polio, DPT, measles, rubella, mumps, chicken pox, hepatitis B and Haemophilus influenza. New York State no longer allows exemptions for religious reasons. A complete record of immunizations must be presented before a child may enter Bolivar-Richburg Central School.

ILLNESS: A child who appears ill should be kept home. Prolonged or contagious illness should be reported to the school nurse so she may contact parents whose children may have been exposed. If a child becomes ill in school, parents will be notified and are expected to come for the child or make arrangements to have him/her taken home.

EMERGENCY NUMBERS: It is important to have in our files the name and phone number of a friend or relative who may assume responsibility for a child when the parent cannot be reached. Our policy is not to release a child in the custody of anyone other than the parent or a designated person. It is also important to have the name and phone number of the child's doctor.

EXCUSES: School policy requires a written excuse be kept on file for each absence or tardy. It should include the child's name, the date, reason for the absence, number of days absent or tardy and the parent's signature.

EMERGENCY CARE: State law permits a nurse to give one-time emergency care only. Accidents or illnesses that occur at home cannot be treated at school.

MEDICATIONS: A school nurse may not legally give any medication, even aspirin, without a written order signed by a doctor and written permission signed by the parents. Where daily medication is required, the doctor's order and parent's permission must be renewed each year. Never send medications to school with the child. It may change hands on the way to school.

MEDICAL PROGRAM: Physicals are required before entrance to kindergarten. School physicals are required in first, third, fifth, seventh and tenth grades and on all new students who have not had one. Parents will be notified of any conditions the doctor feels may require treatment. Eyes and ears of all students, kindergarten through sixth grade, are screened each year. Parents are notified if any student fails the screening test.

ACCIDENTS: School related accidents are covered by school insurance. New York State Law states that parents must use their own insurance first and then the school insurance will continue coverage. This avoids duplication of payments and keeps the cost of the insurance within reasonable limits.

Dignity For All Students Act

The Board of Education recognizes that learning environments that are safe and supportive can increase student attendance and improve academic achievement. A student's ability to learn and achieve high academic standards, and a school's ability to educate students, is compromised by incidents of discrimination or harassment, including but not limited to bullying, taunting, and intimidation. Therefore, in accordance with the Dignity for All Students Act, Education Law, Article 2, the District will strive to create an environment free of discrimination and harassment and will foster civility in the schools to prevent and prohibit conduct which is inconsistent with the District's educational mission.

The District condemns and prohibits all forms of discrimination and harassment of students based on actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or students on school property and at school-sponsored activities and events that take place at locations off school property. In addition, any act of discrimination or harassment, outside of school sponsored events, which can reasonably be expected to materially and substantially disrupt the educational process may be subject to discipline.

Dignity Act Coordinators for the Bolivar-Richburg School District are Mrs. Charanna Swartwout and Mrs. Angela Schryver.

Information Regarding Non-Discrimination

The Bolivar-Richburg Central School District does not discriminate on the basis of sex, sexual orientation, age, marital status, military status, political affiliation, race, creed or religion, color, national origin, or disability in the employment and educational opportunities it offers, including career and technical educational opportunities as required by Title IX of the 1972 Educational Amendments and Section 504 of the Rehabilitation Act of 1973.

Section 504 of the Rehabilitation Act of 1973

The Board of Education affirms its compliance with those sections of the Rehabilitation Act of 1973 dealing with program accessibility.

Section 504 of the Rehabilitation Act prohibits discrimination against qualified individuals with disabilities in federally assisted programs or activities solely on the basis of disability. The District shall make its program and facilities accessible to all its students with disabilities.

The District shall also identify, evaluate and extend to every qualified student with a disability under Section 504 a free, appropriate public education, including modifications, accommodations, specialized instruction or related aids and services, as deemed necessary to meet their educational needs as adequately as the needs of non-disabled students are met.

Sexual Harassment of Students

The Board of Education affirms its commitment to non-discrimination and recognizes its responsibility to provide for all District students an environment that is free

of sexual harassment and intimidation. Sexual harassment is a violation of law and stands in direct opposition to District policy. Therefore, the Board prohibits and condemns all forms of sexual harassment by employees, school volunteers, students, and non-employees such as contractors and vendors which occur on school grounds and at all school sponsored events, programs and activities including those that take place at locations off school premises or those that take place in another state. Generally, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communication of a sexual nature when:

a) Submission to or rejection of such sexually harassing conduct and/or communication by a student affects decisions regarding any aspect of the student's education, including participation in school-sponsored activities;

b) Conditions exist within the school environment that allow or foster obscene pictures, lewd jokes, sexual advances, requests for sexual favors or other harassing activities of a sexual nature; and

c) Such conduct and/or communication has the purpose or effect of substantially or unreasonably interfering with a student's academic performance or participation in an educational or extracurricular activity, or creating an intimidating, hostile or offensive learning environment; and/or effectively bars the student's access to an educational opportunity or benefit.

Complaint Process

Any student suspecting discrimination on the basis of sex, sexual orientation, age, marital status, military status, political affiliation, race, creed or religion, color, national origin, or disability may make a

claim of discrimination using the procedure outlined below. Anyone who is aware of or has a complaint about sexual harassment should also follow this procedure. This claim or complaint is filed with the Superintendent/designee, who will assist with the complaint process if necessary. The following information should be included on the complaint.

- 1) The exact nature of the complaint – actions, policies, or practices believed to be discriminatory and any person believed to be responsible.
- 2) The date, time and place of the alleged discriminatory action(s).
- 3) The names of witnesses or persons who have knowledge about the complaint.
- 4) Any available written documentation or evidence that is relevant to the complaint.
- 5) The actions that could be taken to correct the complaint.

Title I Parents' Right-to-Know

Dear Parent/Guardian:

The Every Student Succeeds Act (ESSA) was signed into law on December 10, 2015. The ESSA replaces the No Child Left Behind Act (NCLB) and is the latest reauthorization of the Elementary and Secondary Education Act (ESEA).

Although NCLB was designed to make changes in teaching and learning in order to increase students' academic achievement, the Highly Qualified Teacher (HQT) provision under NCLB was eliminated from the ESSA. Despite this fact, all educators in New York still are required to hold the appropriate state certificate/license for their given position.

Under the ESSA, all schools receiving Title I funds must inform parents of their right to ask schools about the professional qualifications of their child's teachers and paraprofessionals. Our school receives Title I funding and we are happy to share this information with you upon your request.

New York has some of the most qualified teachers in the country, and we are extremely proud of the quality of the teaching staff in the Bolivar-Richburg School District. All of our regular teachers have college degrees and many have advanced degrees. In addition, every teacher continues learning through professional development activities and our teachers are evaluated each year to make sure their teaching skills remain at the highest possible level.

I encourage you to support your child's education and communicate with your child's teacher(s) on a regular basis. For more information on ESSA, and the role of parents, please visit the United States Department of Education's (USDE) website at <http://www.ed.gov/essa>.

By partnering, families and educators can provide your child with the best education possible.

Sincerely,
Michael A. Retzlaff, Superintendent of Schools

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day Bolivar-Richburg Central School received a request for access..

Parents or eligible students should submit to the Bolivar-Richburg Central School appropriate building principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write the appropriate school building principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the Bolivar-Richburg Central School decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, Bolivar-Richburg Central School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-8520

FERPA Directory Information:

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Bolivar-Richburg Central School, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Bolivar-Richburg Central School may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Bolivar-Richburg Central School District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEA's) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.¹

If you do not want Bolivar-Richburg Central School to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by September 30, 2018. Bolivar-Richburg Central School has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- Participation of officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honor, and awards received
- The most recent educational agency or institution attended
- Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's SSN, in whole or in part, cannot be used for this purpose.)

¹These laws are: *Section 9528 of the Elementary and Secondary Education Act (20 U.S.C. § 7908), as amended, and 10 U.S.C. § 503(c), as amended.*

Wolverine Environmental Education Center

The Wolverine Environmental Education Center is looking better than ever this summer! Part of the improvement stems from materials gained through a Whole Kids Foundation Garden Grant which allowed us to put in an additional 12 raised beds, weed barrier, and gravel in one part of the garden. After having a chicken-free year, the WEE Center also acquired some new hens which have recently begun laying eggs and earning their keep! Jenna and Chudy worked long hours this summer, keeping the weeds at bay (an endless task), planting blueberries, moving the strawberries, and training vegetables to the trellis system. We have also recently developed a partnership with the Oilman's Mercantile, who will be selling some of our veggies in their store. Thank you to everyone who supports the garden by way of a walk through, a kind word, or by purchasing some produce.

Transportation Update- Precious Cargo

The Transportation Department at Bolivar-Richburg Central School would like to thank the community for all of your help in making the transportation of your children as safe and efficient as possible. Listed are the bus routes for the coming year. Please communicate, as soon as possible, any information needed to ensure that each student is transported to his or her proper location.

Be aware that students will be picked up and dropped off at their legal address unless the school is notified in writing. Having your house number visible from the road makes locating your address much easier for the bus drivers.

Please be sure to talk to your children about safe riding rules, such as listening and obeying any direction given by the driver. Also remind your children to stay in their seats while the bus is moving. The bus rider's manual will be sent home with each student. Please review it with your child.

Thank you for your help!

BOCES CTE Driving Policy

During the 2021-22 school year BOCES CTE Programs will be returning to their driving rules prior to the COVID-19 pandemic. Students will be required to take Bolivar Richburg CSD bus transportation to and from their CTE programs during the 2021-2022 school year.

Driving passes will only be authorized if a student has a need to drive for one day only (things like a Dr. appt, etc.), and goes through the proper procedure of obtaining a driving pass through the CTE Center.

Join the BRCS Music Boosters!

We are in need of more parents to join the BRCS Music Boosters. The Boosters provide financial support to the students in our music program, helping to fund events such as Solo Fest and All County. Whatever costs the school does not cover, the Music Boosters cover.

We have an immediate need for more parents to help run the organization as well as helping run the concession stand during high school football games. Without the support provided by the Music Boosters, families will be responsible for any extra costs for music programs in the future. So, please consider helping us out!

You can do as much or as little as you want to help our music students. Please call or text Michelle Clark at 716-378-0815 for more information.
